

Long-Term Care Insurance

How We Stack up to the Competition

For producer use only. Not for
use with the general public.

Mutual of Omaha

Underwritten by
Mutual of Omaha Insurance Company

Three Ways Mutual of Omaha Comes Out on Top

When it comes to finding the right long-term care solution for a client, you have more options than ever. Here are three things we think will put Mutual of Omaha's LTCi at the top of your list.

1

Commitment to Traditional LTCi

When it comes to planning for long-term care, today's consumers have more choices than ever before. While non-traditional funding options may work for some people, we believe a traditional LTCi policy remains the best solution for many clients.

- It can be less expensive and provide better leverage than other funding options, making it the best value.
- Coverage is more comprehensive compared to other funding vehicles.
- Benefits, like a built-in cash option, provide greater flexibility throughout the progression of care.

2

Training & Support

We're laser-focused on helping you understand the features that set our products apart from the competition. And we provide a variety of training materials so you're prepared to discuss these important differences with your clients.

Care Coordination

We include a care coordination benefit to make it easy for policyholders to develop a plan of care and access LTC services.

Home Health Care

Our policies include a variety of features designed to help policyholders get the LTC services they need at home.

Cash Benefit

Our policies include a built-in cash benefit option that gives the insured greater flexibility in how policy benefits can be used.

Monthly Benefit

Our policies include a built-in monthly benefit to give people more flexibility when paying for care.

Calendar-Day Elimination Period

Our policies include a calendar-day elimination period that allows people to access the benefits of their policy sooner.

Inflation Protection

Our policies offer a variety of inflation protection options that allow policy benefits to grow to keep pace with the rising cost of LTC services

3

Strength and Experience

After over a century in the insurance industry, Mutual of Omaha remains strong, stable, financially secure and well-positioned to pay policyholders' claims now and in the future.

- As a mutual company we make business decisions based on what's best for our policyholders, which allows us to invest in growing our LTCi product line.
- We're a household name your clients know and trust, and that makes them more receptive to talking with you about LTCi.
- We've been in the LTCi marketplace since the product was first introduced over 30 years ago. So, we have decades of expertise developing products and pricing them appropriately for the long run.

A History of Strength, Security and Stability

We know you have choices when it comes to placing your trust in an insurance carrier. In these complicated times, it's more important than ever to consider the financial strength and stability of the company you choose to do business with.

For more than 100 years, Mutual of Omaha has kept its promise to be here to pay our customers' claims. Through two World Wars, the Great Depression and the many economic challenges since, we've remained strong, stable and financially secure.

The leading rating agencies continue to validate and reinforce our financial strength.

Mutual of Omaha Insurance Company
