

REFERRAL PROGRAM

Earn \$5,000 per Advisor!

There's no easier way to put cash in your pocket than with First American's Referral Program!

How it Works

Refer a new advisor* to First American and receive a reward based on premiums collected from the new advisor's first year.

How Much Do You Get?

A bonus is paid based on premiums collected for the new advisor's first year, beginning with their first submitted case.

In your pocket**		Paid Target Life Premium***
\$750	→	\$25,000+
\$1,250	→	\$50,000+
\$3,000	→	\$100,000+
Total \$5,000		

* A new advisor is someone who hasn't submitted a formal application with First American in the past 24 months. Only one referral bonus can be paid per new advisor.

** The referring advisor will be paid a bonus each time a target has been met, up to the end of the first 12 months beginning when the new advisor submits their first case with First American.

*** Annuities are credited at 5% towards the paid premium total.
