Interest rate caps, participation rates and interest rates are subject to change. The guarantee minimum interest rate for the Fixed Interest Option is 1.00%.

After the contract is issued, the account value remains in a holding account receiving the guaranteed minimum interest rate, until it is transferred to the allocation options on a sweep date (currently the 14th and 27th of each month). **Paperwork and all premium must be received in good order one business day before the closest applicable sweep date for the account value to be transferred on that sweep date** (two business days before the sweep date if it falls on a weekend). Otherwise, the account value remains in the holding account until the following sweep date.

To receive the quoted interest rates, interest rate caps and participation rates in effect on the app sign date:

- For cash with application, the premium and app must be received in good order within 10 calendar days of the app sign date.
- For 1035 exchanges/qualified transfers, all paperwork (app, transfer forms, replacement, signed annuity disclosures, etc.) must be received in good order within 10 calendar days of the app sign date and all premium must be received within 60 calendar days of the app sign date.

If these deadlines are not met, the interest rates, interest rate caps and participation rates will be those in effect on the contract's sweep date.
